State significance of property, and justify criteria, criteria considerations, and areas and periods of significance noted above.

This house is a significant example of an early twentieth century vernacular architectural form common to St. Helena Island. It was built c. 1915 by Tecumseh Alston, a carpenter, for his brother Emanuel. Emanuel "Mannie" Alston, born in 1900, lived here from that time until his death in 1985. He served for many years as an elder at Ebenezer Baptist Church and took a prominent part in the services there.(1)
